a Difference  
in Our Community*

**Service and Friendship  
Since 1965**

## Woodbridge Woman's Club

WWC is a volunteer women's organization dedicated to community service. Founded in 1965, WWC is a member of the International General Federation of Women's Clubs (GFWC), one of the largest volunteer organizations in the world with Headquarters in Washington, DC.

### OUR MISSION

The mission of the WWC is to dedicate our efforts toward community improvements and enhancing the lives of others through volunteer service.

### Who do we help?

Women and children in need, including seniors, and those experiencing food insecurity. We also help by working within the local community to provide needed services.

### Where do we help?

Eastern Prince William County, primarily in the Woodbridge area.

### How do we Help?

The WWC focuses our time, talent and funding resources to Club approved projects and activities. We also organize small group projects that include our members and our community to create friendship through volunteer service.

## WWC Focus Community Service Program Areas

**Arts and Culture:** Art education improves problem solving and thinking skills and nurtures creativity. Cultural awareness promotes effective communication, and an appreciation for new people and experiences.

### **Civic Engagement and Outreach:**

This program reminds members that each of us is a part of a larger society and is responsible for undertaking actions and volunteer programs that create a better quality of life in our community.

**Education and Libraries:** Program projects are designed to promote education in children and adults, and continued learning for club members, to foster schools, promote literacy and the love of a good book and to help others in our community.

**Environment:** This program encourages members to work with our community and to become stewards of the earth, to protect our resources, live sustainability, beautify our community and enjoy nature.

**Health and Wellness:** This program provides various opportunities for our club to promote the awareness of the key components of our health and wellness through various small projects with club member and community support.

## Membership Advantages

WWC membership provides opportunities to develop leadership skills, exchange ideas and form life-long friendships.

WWC offers a unique opportunity for volunteer community service that derives much of its strength in its "Unity in Diversity".

As member of a GFWC Club, women can join forces with others to have a major impact in their community, state and our nation.

### General Membership Meetings

Meetings are held on the third Monday of each month, September through May. Most meetings begin at 1 pm. See our website for details and directions.
